

Operating Samson Book/Utility Carts

Congratulations!

You have selected Samson Carts...

Please read this sheet completely so that you can operate the Samson Cart without difficulty. Once you've lifted off the cardboard wrapper from the cart you will see an instruction label on the left door. Please leave this for future reference.

1. Unlatch the Door.

Lift the Yellow latch at the middle shelf.
 This releases the door.

2. Swing open doors.

3. Lower Shelves into place, locking into doors.

4. Follow steps 1-3 for the second side.

** Comfortable hand grids on top panel and side wall for easy pushing and pulling.

Safe Operation of Samson Book/Utility Carts

Now that you've got Samson on your side...

With proper care your Samson Cart will provide you with years of dedicated service. Please review safety tips below to insure safe useage, protecting you, your cargo and Samson Carts.

Remember that with Samson Carts you are moving a larger weight capacity and certain safety precautions should be used.

Make sure you have a clear view of your path, avoiding obstacles prevents sudden load shift or jarring, which safeguards against personal injury and damage to equipment.

Using a metal plate, Masonite or ramp over curbs or other uneven surfaces is recommended. Also avoid forcing heavy loads over uneven surfaces.

When using the Samson Cargo Net be sure that your net hooks are securely fastened to the doors of the cart.

***maximum Safe load = 750 lbs.**
